Z-200

“Simple Green”

When it comes to simplicity, the Z-200 series of Green Zone panels can provide your customers with improved temperature control and energy savings at a truly affordable price. An easy-to-install Z-200 Green Zone panel is the right choice for two zone applications.

Z-200-HC	1 Heat / 1 Cool
Z-200-HC-MS	2 Heat / 2 Cool
Z-200-HP	2 Heat / 1 Cool Heat Pump

Z-300

“More Green”

More zones, more features and more flexibility are what you get in the Z-300 series of Green Zone panels. It can handle single-stage, multi-stage, heat pump and dual fuel applications. Installation and wiring is simple.

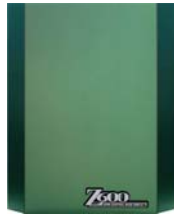

Z-300-HC-MS	1 Heat / 1 Cool
	2 Heat / 2 Cool
Z-300-HPS	2 Heat / 1 Cool Heat Pump
	2 Heat / 1 Cool Dual Fuel
	3 Heat / 2 Cool Heat Pump
	3 Heat / 2 Cool Dual Fuel

Simple, Reliable and Great Technical Support

“Jackson Systems is a progressive company that works with the HVAC contractor in mind. Jackson Systems strives to view the market and their products from the clients’ perspective. The end result is a group of products that are simple to install, reliable, and allow the contractor to differentiate themselves from the competition. They back up their products with great technical support as well. Simply put, Jackson Systems assists the contractor in delivering superior comfort to their clients with no hassles.”

- Steven Long
President of Gastonia Sheet Metal Heating, Air Conditioning & Roofing

Z-600

“Universal Green”

It doesn't get any better than this! The Z-600 is a six zone panel offering more features and application flexibility than any other zoning system on the market. The panel can even be expanded up to twelve zones. When you need a zoning system with all the bells and whistles that is easy to install and setup, a Z-600 Green Zone panel is the choice of HVAC professionals.

Round Zone Damper

- D-XX
- sizes up to 20"

Thermostat

- Comfort System
- Honeywell
- White-Rodgers
- LuxPro
- Aprilaire
- Robertshaw
- Climatouch

Rectangular Zone Damper

- HD-XXXX
- 8" x 8" to 36" x 24"
- side-mount
- HD-XXXX-BM
- 8" x 8" to 36" x 24"
- bottom-mount

Discharge Air Sensor

- Z-200-DAS
- Z-300-DAS
- Z-600-DAS

Barometric Bypass Damper

- BH-XX
- horizontal installation
- sizes up to 16"
- also available in rectangular
- BV-XX
- vertical installation
- 10" and 12"

Outdoor Sensor

- Z-300-OTS
- Z-600-OTS

Contractors Always Come First

"Jackson Systems is a strong supporter of contractor success. Jackson Systems puts the contractor first by making it easier for them to add their brands to the products they sell. They have been a good partner of the Service Roundtable and Retail Contractor Coalition. Plus, they are genuinely nice people."

- Matt Michel
Service Roundtable
